## Duration of Training

As VET courses are competency based, meaning you are not issued a qualification until you have demonstrated competence across all elements and performance criteria in each of the units, and all students learn at different paces, it is difficult to provide a standard duration of training. However, below is an outline of the modes of delivery and assessment. If you require additional information before you make your decision to enrol into a qualification, please speak to our friendly Customer Care Team.

## Modes of Delivery and Assessment

Your course commences immediately upon enrolment. You will be enrolled into the online learning platform, where you can access the Learner Guides and commence the online Knowledge Assessments. You will receive your in-class materials including your Learner Assessment Guide (LAG) and Learner Resource (LR) on your first contact day. The number of contact days will depend on the qualification you have chosen.

Your training is a combination of:

- Course [unit] readings and online assessments.
- Pre-scheduled contact days which include skills assessments utilising realistic scenario exercises, simulations, and practical step by step instruction as discussed during your enrolment appointment.
- Reading and written activities throughout the duration of your training (including homework tasks).
- Final assessment papers issued on your last contact day.
- Make-up days which are required if any days are missed.

Any training materials you receive remain the intellectual property of Tactical Training (Australia) Pty Ltd and are subject to copyright. Should you require a hard copy of the individual online Learner Guides, these are available for purchase from Customer Care.

## Pre-Requisite Skills

Some courses may require pre-requisite skills and underpinning knowledge for eligibility. Pre-requisites for the courses are listed above in the *Course Information* section and we will discuss this with you at your enrolment induction appointment.

## Entry and Occupational Licensing Requirements

Certificate II in Security Operations and Certificate III in Close Protection Services are qualifications that relate to occupational licensing under the provisions of the *Security and Investigation Industry Act 1995* (SA). At Tactical Training, we take care to provide essential information about licensing eligibility. We also encourage you to contact the relevant licensing authority to talk about any concerns you may have about your personal situation. # PRE-ENROLMENT INFORMATION

## Language, Literacy, Numeracy and Digital Literacy (LLND) Requirements

Language, Literacy, Numeracy and Digital Literacy (LLND) refers to:

- **Language proficiency** - verbal and written communication skills in English.
- **Literacy** - reading, writing, and comprehension capabilities.
- **Numeracy** - mathematical, problem-solving, and working with numbers.
- **Digital literacy** - using technology effectively, evaluating digital content critically, communicating online, and practicing cybersecurity awareness.

LLND assessments are aligned with the **Australian Core Skills Framework**, helping to match your current skill level with a study pathway that supports your abilities and future goals. These assessments are thoughtfully designed to reflect the specific demands of the **security and investigations industry**.

As part of the enrolment process, you are required to complete an LLND assessment to help determine whether this course is the right fit for you.

If you require LLND support beyond the scope of what Tactical Training offers, we can assist you in finding the help you need. Please note that **any costs associated with specialist LLND support are the responsibility of the student**.

## Student Support and Wellbeing

At Tactical, we understand that the prospect of study can feel daunting. That's why our dedicated team is here to guide and support you throughout your training journey. We can assist with the following:

- Helping you learn how to navigate and use the online learning system.
- Answering questions about the security and investigation agent licensing process.
- Liaising with your employment service provider.
- Creating a welcoming and supportive learning environment for all students.

At Tactical, we know that no two learners are the same. If you need help with Language, Literacy, Numeracy, Digital (LLND) skills, or English language support, we're here to connect you with the right external services.

We also value your mental and physical wellbeing. Our team fosters an environment that supports balance, growth, and care. We can provide a list of publicly available, free support services offered by trusted organisations to help you access the assistance you need.

## **Special Needs**

At Tactical Training, we make every effort to provide an environment that allows for a positive learning experience that imparts relevant industry skills and knowledge and is also enjoyable! To assist us in our endeavours, please tell us if you have any special needs that may affect your learning experience. Special needs may include medical conditions, physical or other disabilities, learning difficulties, cultural, or personal matters. We will work through these special need requirements as best we can. Should your needs go beyond our services, we will assist you to locate specialist assistance from appropriate agencies.

## **Reasonable Adjustment**

At Tactical, we're committed to making sure all students have fair access to learning. If you have a disability, you may be eligible for reasonable adjustments—this means making changes that help you study and participate on the same basis as others.

These adjustments are made to suit your individual needs, as long as they follow training rules and don't cause hardship to the training provider. Examples could include extra time, different assessment formats, or physical support in practical tasks.

However, all students still need to meet the standards required for the qualification.

If you have a pre-existing injury or condition that may affect your training, please let us know during your enrolment appointment.

# ENROLMENT INFORMATION

Once we receive the completed forms, we will set you up to watch our enrolment induction video. When the induction video has been watched, our team will contact you via telephone during business hours to conduct the finalisation of the enrolment process. At this time, they will discuss the following with you:

- Terms and conditions of enrolment and answer any other questions you might have.
- Special needs or requirements.
- Suitability regarding any relevant Occupational Licensing and LLND requirements.
- Opportunity for RPL.
- Training exercises, scenarios and online assessments.
- Photo permission.
- Payment terms.

**IMPORTANT:** If you are not an Australian Citizen, please provide your passport and current visa information prior to the appointment. This is a compulsory requirement for entry into our Nationally Accredited courses.

**Tactical Training is not a CRICOS Registered Training Organisation and cannot enrol clients who are visiting Australia on a Student Visa.** For information about CRICOS providers please visit: <https://cricos.education.gov.au/>

## National Recognition of Certificates from Other RTOs

Tactical Training recognises the qualifications and statements of attainment issued by other registered training organisations for nationally recognised qualifications as well as individual units. National recognition may also be referred to as **Credit Transfer**.

As an example, this means, if you have completed a Provide First Aid course with another RTO and you can show us your current, original certificate; you will not have to repeat this unit to achieve this program.

Some conditions will apply depending on the course that you are doing. Please discuss this with a Customer Care team member during your enrolment so that your individual circumstances may be considered.

All nationally accredited qualifications will be verified by contacting the issuing RTO. Students must provide consent in writing allowing Tactical to carry out this process.

## Recognition of Prior Learning

Recognition of Prior Learning (RPL) assessments is available to students who believe they have current, relevant industry skills, and underpinning knowledge in the units delivered within a qualification. This means that skills and knowledge you have gained from previous study, your previous employment and life experiences can be assessed as evidence toward recognition for part of or all nationally recognised training.

Please discuss your RPL questions with us prior to finalising your enrolment. A complimentary pre-assessment can be arranged to provide an indication of the level of RPL that may be granted, and costs of any gap training should it be required. A pre-assessment does not provide a conclusive final decision; however, every effort is made to provide you with a strong indication of the expected outcome.

## Unique Student Identifier (USI)

The Unique Student Identifier (USI) is a reference number made up of a combination of ten numbers and letters.

The USI is intended to help students access their training results for all nationally accredited training, including qualifications and units of competency, completed with a Vocational Education and Training (VET) provider, like Tactical Training.

It is compulsory for training organisations to collect your USI number before a certificate can be issued. If you would like more information about the USI, please visit the Australian Government Department of Industry webpage [Unique Student Identifier \(USI\) - http://www.usi.gov.au](http://www.usi.gov.au), where you can create your own USI account, if you do not have one.

**USI numbers must be provided at enrolment into your chosen course.** If you need assistance with applying for your USI or locating it, please contact our friendly customer care team.

## QUALITY ASSURANCE

### Continuous Improvement Process

Quality assurance and continuous improvement processes are fundamental to Tactical Training (Australia) Pty Ltd achieving successful business outcomes across the scope of our organisation. Tactical Training carries out actions to ensure the currency and continuous improvement of our services and training products.

Our quality assurance practices are integrated within a framework of policies, procedures, and documentation which provide staff with guidance and direction in the performance of their duties. This system enables a consistency across the scope of the organisation, in the delivery of training and assessment, and in the provision of customised services and consultancies.

## **Industry Consultation**

This is performed to ensure training content, development, delivery, and monitoring of training and assessment, is up to date with current industry standards. This is achieved through meeting with employers, industry associations, licensing authorities, and other parties who can contribute to our validation processes.

## **Transition of Superseded Qualifications**

At times, industry Skills Service Organisations (SSO) will make changes to training package products. Training packages are updated to ensure they align with current industry trends and requirements. These updates ensure that students receive the necessary skills for the current work environment.

When training packages are superseded, an RTO is responsible for transitioning to the new versions within 12 months of the revision.

If you are enrolled in a program at the time it is superseded, one of two things will happen:

1. We will assist you in completing your qualification prior to the end of the 12 month teach-out period.

If this is not possible, we will do the following:

2. Transition you into the new version of the training product.

In some cases, this may mean you are required to attend additional training and undertake further assessments to meet the new assessment conditions; however, it is the best way to ensure you receive the full value of your investment.

You will be required to pay additional course fees in the following circumstances:

- Where you have not completed your studies within the 12 months enrolment period, and you have not contacted us for an extension of time.
- Where you have received three or more extensions for your original enrolment.
- Where you have previously requested to discontinue or withdraw from the superseded qualification.
- Where you have not responded to our correspondence relating to transition of training within the timeframe provided.

NOTE: It is essential for you to notify us of any changes to your contact details (i.e. address, phone number, email) to ensure you can receive important notifications.

Tactical Training will comply with all relevant State and Federal legislation in working with children. Candidates under 18 years of age may enrol with Tactical Training.

Improper disposal of cigarette butts poses a serious fire risk. Cigarettes that are not fully extinguished can smoulder and ignite nearby flammable materials. For everyone's safety:

- Always fully extinguish your cigarette
- Use designated bins or containers—never discard cigarette butts on the ground

Littering of any kind, including cigarette butts, will not be tolerated.

# ATTENDANCE

Terms and conditions of enrolment into a course require each student to agree:

- To arrive on time for every day they are required to attend.
- That no drugs or alcohol (excluding any required prescribed medications) are to be consumed during any training session.
- Not to leave the classroom during the training session unless absolutely necessary.
- To actively participate in training.
- To attend all days of training and complete all assessment activities.

## Dress Code

Dress code is neat casual clothing (no singlets and no tops with offensive language or designs). We ask you to maintain your personal hygiene as some training exercises may bring you into close contact with other students; please consider their comfort as well as your own.

Training includes practical exercises and scenarios. Please wear comfortable, casual clothing and enclosed shoes for your safety and comfort.

Some training exercises will take place outside – you may wish to bring a hat for sun protection.

## Attendance and Arrival Time

Practical course dates are pre-scheduled to allow you to organise your availability. When you enrol, you will receive a copy of the pre-scheduled course dates. Please note, practical course dates fill fast.

To successfully complete your course, you must **attend all days of training** (as advised when you enrol) and **complete all assessment activities** that are allocated to you by your Trainer.

**\*\*\*Training starts at 9am\*\*\* (8:30am for First Aid)**

Please **be sure to arrive on time every day** (about 10 minutes early to get settled for the day) and let us know by phone or email if you are running later or will not be attending. Our office is open from 8.30am.

**\*\*LATE ARRIVALS – you may be required to attend make up days if you arrive late for class\*\***

**CALL US on 8331 1620 if you are going to be later than a few minutes**

Should your course allow for Flexible Study options, you also commence immediately and are allowed up to 12 months to complete your course. The contact days will be scheduled across the 12-month period according to your availability. We encourage you to contact us if you need more time to complete your course.

Although unlikely, course dates may be postponed or cancelled. Please refer to our refund information regarding your rights if this happens or speak to one of our friendly Customer Care team members.

## Assessments

The assessment process will be discussed at your enrolment induction appointment. These details are also printed in your Learner Assessment Guide. Your Trainer will provide you with instructions throughout your course. If you are completing a program via Flexible Study, instructions will be provided upon your enrolment and throughout the duration of your course. Further assistance is available from a Trainer Assessor, via email to [customercare@tacticaltraining.edu.au](mailto:customercare@tacticaltraining.edu.au) or by telephone on 8331 1620.

If an assessment result is found to be 'not yet competent', your Trainer will talk to you about your options to help you complete your course.

## Plagiarism, AI Use, and Submission of Original Work

Plagiarism occurs when a person presents another individual's work, words, or ideas as their own. This includes copying material from any source (including TTA learning resources) or allowing someone else to copy your work. Submitting unoriginal work also includes providing any part of an assessment task that you did not complete yourself or failing to acknowledge the original source of the material. This extends to work generated using Artificial Intelligence (AI).

TTA has a zero-tolerance approach to plagiarism and the submission of unoriginal work. TTA may use plagiarism detection and AI-detection tools for all assessment submissions. There is **no acceptable level of copied content**, nor is there an allowable percentage of words that may be reproduced from another source unless an assessment task specifically instructs otherwise.

Consequences for plagiarism or the submission of AI-generated assessment work may include the requirement to repeat the entire unit at an additional cost or cancellation of course enrolment. In cases of cancellation, TTA's Refund Policy will apply.

## Mobile Phones in Class

To maintain a focused and respectful space for all participants, **mobile phones must be switched off during class sessions.**

If you are anticipating an urgent call, please set your phone to silent and step outside the training room quietly to take it.

Any training missed due to phone calls will need to be rescheduled, subject to course availability and scheduling.

Thank you for helping to minimise disruptions and create a productive environment for everyone.
